

Buna CB Nd 60

Product Description

Buna CB Nd60 is a solution high-cis polybutadiene polymer produced with neodymium catalyst.

CAS No.: 9003-17-2.

Production Plant: Cabo de Santo Agostinho -PE- Brazil

Supply Form

Colorless rubber bales wrapped in polyethylene foil.

Raw Material Properties

Property	Nominal Value	Unit	Test Method
Volatile matter	max. 0.75	% by wt	ASTM D 5668
Mooney Viscosity	63	ME	ASTM D 1646
cis 1,4 content	min. 96	% by wt	IR-spectroscopy
Stabilizer	non-staining		

Other Product Features

Property	Typical Value
Use	Buna CB Nd60 is mainly used in tire applications – sidewalls, treads and retreads. Furthermore, it is used in automotive and technical goods, conveyor and transmission belts, toys, footwear, golf balls and so on. The main characteristic is related to its excellent abrasion and fatigue resistance, low rolling resistance, high resilience, tack and green strength.

Buna CB Nd 60

Packaging	Bale weight	31	kg
	Nominal crate weight	~1116	kg
Storage Life/Conditions	Buna CB Nd60 should be stored in a cool, dry place at temperatures below 40°C. Exposure to light must be avoided as other heat sources. Under suitable conditions the product is stable for 12 months.		
Marking	Grade / Lot number / Crate number / Net weight		
Product Safety	Literature on the health and safety aspects of this product has been published. Before working with this product, personnel must be familiarised with its hazards, proper use, and handling. The available information is summarised in the Safety Data Sheet These raw material properties are typical and, unless specifically indicated otherwise, are not to be considered as delivery specification

Health and Safety Information: Appropriate literature has been assembled which provides information concerning the health and safety precautions that must be observed when handling the LANXESS products mentioned in this publication. For materials mentioned which are not LANXESS products, appropriate industrial hygiene and other safety precautions recommended by their manufacturers should be followed. Before working with any of these products, you must read and become familiar with the available information on their hazards, proper use and handling. This cannot be overemphasized. Information is available in several forms, e.g., material safety data sheets, product information and product labels. Consult your LANXESS representative in Germany or contact the Health, Safety, Environment and Quality Department (HSEQ) of LANXESS Germany or - for business in the USA - the LANXESS Product Safety and Regulatory Affairs Department in Pittsburgh, PA.

Regulatory Compliance Information: Some of the end uses of the products described in this publication must comply with applicable regulations, such as the FDA, BfR, NSF, USDA, and CPSC. If you have any questions on the regulatory status of these products, contact your LANXESS Corporation representative, the LANXESS Regulatory Affairs Manager in Pittsburgh, PA or the Health, Safety, Environment and Quality Department (HSEQ) of LANXESS Deutschland GmbH in Germany.

The manner in which you use and the purpose to which you put and utilize our products, technical assistance and information (whether verbal, written or by way of production evaluations), including any suggested formulations and recommendations are beyond our control. Therefore, it is imperative that you test our products, technical assistance and information to determine to your own satisfaction whether they are suitable for your intended uses and applications. This application-specific analysis must at least include testing to determine suitability from a technical as well as health, safety, and environmental standpoint. Such testing has not necessarily been done by us. Unless we otherwise agree in writing, all products are sold strictly pursuant to the terms of our standard conditions of sale. All information and technical assistance is given without warranty or guarantee and is subject to change without notice. It is expressly understood and agreed that you assume and hereby expressly release us from all liability, in tort, contract or otherwise, incurred in connection with the use of our products, technical assistance, and information.

Any statement or recommendation not contained herein is unauthorized and shall not bind us. Nothing herein shall be construed as a recommendation to use any product in conflict with patents covering any material or its use. No license is implied or in fact granted under the claims of any patent.
